

**APPLICATION FOR FUNDING
TO THE
TEXAS WATER DEVELOPMENT BOARD
RESEARCH AND PLANNING FUND**

FOR

**DEVELOPMENT OF THE
2021 REGION – B
REGIONAL WATER PLAN**

March 3, 2015

I. GENERAL INFORMATION

1. LEGAL NAME OF APPLICANT

Red River Authority of Texas

2. REGIONAL WATER PLANNING GROUP

Regional Water Planning Group – Area B consists of a ten county area including Archer, Baylor, Clay, Cottle, Foard, Hardeman, King, Montague, Wichita, Wilbarger, and a portion of Young County encompassing the City of Olney. The planning area contains approximately 8,571 square miles with an estimated population of 198,837. Refer to **Figure 1** in the Appendix, for a map of the Region B water planning area.

3. AUTHORITY OF LAW UNDER WHICH THE APPLICANT WAS CREATED

The Red River Authority of Texas was created in 1959 by Acts of the 56th Legislature as a political subdivision of the State, a body politic and corporate under Article XVI, Section 59 of the Texas Constitution.

4. APPLICANT’S OFFICIAL REPRESENTATIVE, NAME, TITLE, MAILING ADDRESS, PHONE NUMBER, FAX NUMBER, E-MAIL ADDRESS, AND VENDOR ID NUMBER

Mr. Curtis W. Campbell
General Manager
Red River Authority of Texas
P.O. Box 240
Wichita Falls, Texas 76307-0240
Telephone: (940) 723-2236
Fax: (940) 723-8531
email: curtis.campbell@rra.texas.gov
Vendor ID: 17510535457001

5. DUNS NUMBER

091758834

6. IS THIS APPLICATION IN RESPONSE TO A REQUEST FOR APPLICATIONS PUBLISHED IN THE TEXAS REGISTER?

YES NO

7. IF YES TO NO. 6 ABOVE, LIST DOCUMENT NUMBER AND DATE OF PUBLICATION OF THE TEXAS REGISTER.

39 TexReg 9760, TRD-201405743, December 12, 2014

8. TYPE OF PROPOSED PLANNING (CHECK ALL THAT APPLY)

- | | |
|--------------------------------------|-------------------------------------|
| Initial Scope of Work | <input type="checkbox"/> |
| Development of a Regional Water Plan | <input checked="" type="checkbox"/> |
| Revision of a Regional Water Plan | <input type="checkbox"/> |
| Special Studies approved by TWDB | <input type="checkbox"/> |

9. TOTAL PROPOSED PLANNING COST

\$56,880

10. TOTAL GRANT FUNDS REQUESTED FROM THE TEXAS WATER DEVELOPMENT BOARD

\$56,880

11. DETAILED STATEMENT OF THE PURPOSE FOR WHICH THE MONEY WILL BE USED

To prepare and publish the *2021 Region B Regional Water Plan*, in accordance with Item 14, the Detailed Scope of Work.

12. DETAILED DESCRIPTION OF WHY STATE FUNDING ASSISTANCE IS NEEDED

To fulfill the requirements of Senate Bill 1, 75th Legislative Session, Senate Bill 3, 80th Legislative Session, and subsequent rules promulgated by the Texas Water Development Board as described in 31 TAC Chapter 357 and 358. Additionally, the plan is charged with addressing specific requirements of Chapter 16 of the Texas Water Code (TWC). If the state is to retain the leading role in long-range planning for adequate water resources to meet the public needs as they occur, then the state must provide sufficient funding and coordination of the effort on behalf of its people. Meeting the people's need for adequate water resource is or should be one of the State's highest priorities because it yields the greatest public benefit. Without adequate state funding (and support), the smaller cities and rural communities will suffer the greatest.

13. IDENTIFY POTENTIAL SOURCES AND AMOUNTS OF FUNDING AVAILABLE FOR IMPLEMENTATION OF VIABLE SOLUTIONS RESULTING FROM PROPOSED PLANNING

The majority of capital funding in Region B typically comes from local sources in the form of municipal type bond issues supported by net revenue pledges from the sale of water and taxes. Detailed infrastructure financing information will be

included in Chapter 9 of the *2016 Region B Regional Water Plan*. During this planning period changes in the sources or amounts of capital requirements ascertained during the course of study will be provided in the Final Plan.

II. PLANNING INFORMATION

14. DETAILED SCOPE OF WORK FOR PROPOSED PLANNING

The Scope of Work that follows meets the initial Scope of Work for the Fifth Cycle of Regional Water Planning, as prepared by the Texas Water Development Board.

Task 2A - Non-Population Related Water Demand Projections¹

Texas Water Development Board (TWDB) staff will provide draft water demand projections for 2020-2070 for all water demands unrelated to population (e.g. mining, manufacturing, irrigation, steam-electric power, and livestock) based on the projections from the 2017 State Water Plan updated in some cases based on the most recent TWDB historical water use estimates.

TWDB staff will update water demand projections for all associated Water User Groups (WUGs) and provide draft estimates to RWPGs for their review and input.

Each RWPG will then review the draft projections and may provide input to TWDB or request specific changes to the projections from TWDB.² The emphasis of this effort will be on identifying appropriate modifications based on relevant changed conditions that have occurred since the development of the projections used in the 2017 State Water Plan.

If adequate justification is provided by the RWPG to TWDB, water demand projections may be adjusted by the TWDB in consultation with TDA, TCEQ, and TPWD. Once RWPG input and requested changes are considered, final water demand projections will be adopted by the TWDB's governing Board (Board). The adopted projections will then be provided to each RWPG. RWPGs must use the Board-adopted projections when preparing their regional water plans.

TWDB will directly populate DB22 with all WUG-level projections and make related changes to DB22 based on Board-adopted projections.

This Task includes, but is not limited to, performing all work in accordance with TWDB rules and guidance required to:

- a) In addition to generally meeting all applicable rules and statute requirements governing regional and state water planning under 31 TAC Chapters 357 and 358,

¹ Requirements are further explained in the guidance document *General Guidelines for Fifth Cycle of Regional Water Plan Development*.

² All requests to adjust draft population or water demand projections must be submitted along with associated data in an electronic format determined by TWDB (e.g., fixed format spreadsheets)

this portion of work shall, in particular, include all work necessary to meet all the requirements of 31 TAC §357.31.³

b) Prepare a stand-alone chapter⁴ (including work from both Tasks 2A and 2B) to be included in the *2021 Regional Water Plan* (RWP) that also incorporates all required TWDB DB22 reports into the document.

c) Receive and make publicly available the draft water demand projections provided by TWDB.

d) Evaluate draft water demand projections provided by TWDB.

e) Review comments received from local entities and the public for compliance with TWDB requirements.

f) Provide detailed feedback to TWDB on water demand projections, as necessary, including justification and documentation supporting suggested changes with a focus on relevant changed conditions that have occurred since the development of the projections used in the 2017 State Water Plan

g) Prepare and submit numerical requests for revisions, in tabular format in accordance with TWDB guidance, of draft water demand projections and process such requests based on, for example, requests from local entities within the region. The RWPG and/or local entities should provide required documentation and justification of requested revisions.

h) Communicate and/or meet with TWDB staff and/or local entities requesting revisions, as necessary.

i) Assist TWDB, as necessary, in resolving final allocations of water demands to water user groups to conform with any control totals defined by TWDB, for example, by county and/or region.

j) Prepare water demand projection summaries for WUGs using final, Board-adopted projections to be provided by the TWDB, as necessary.

k) Modify any associated water demand projections for Wholesale Water Providers (WWPs), as necessary based on final, Board-adopted projections.

l) Review the *TWDB DB22 Non-Population Related⁵ Water Demand* report from the DB22 and incorporate this planning database report into any Technical Memoranda and Initially Prepared Plan (IPP) and adopted regional water plans (labeled as such and with source reference).

m) Modify any aggregated water demand summaries, for example, for Wholesale Water Providers (WWPs) or irrigation districts, accordingly incorporate this

³ Requirements are further explained in the guidance document *General Guidelines for Fifth Cycle of Regional Water Plan Development*.

⁴ This shall be a separate chapter as required by 31 TAC §357.22(b).

⁵ All 'TWDB DB22...' reports will be provided by TWDB through the online planning database web interface as a customizable report that can be downloaded by RWPGs and must be included as part of any Technical Memoranda and water plan.

planning database report into any Technical Memoranda and IPP and adopted regional water plans (labeled as such and with source reference).

n) Update WWP contractual obligations and WUG ‘seller’ obligations to supply water to other entities and report this information along with projected demands including within the DB22 and within any planning memorandums or reports, as appropriate.

Task 2B - Population and Population-Related Water Demand Projections⁶

TWDB staff will prepare draft population and associated water demand projections for 2020-2070 for all population-related water user groups using data based on the population projections in the *2017 State Water Plan* as reassembled by utility service areas.

TWDB staff will develop population projections and associated water demand projections for all Water User Groups (WUGs) based on utility service areas and provide them to RWPGs for their review and input.

Because there won’t be new U.S. Census data available in time to incorporate into the *2021 Regional Water Plans*, the emphasis of this work will be on the transition of *the 2017 State Water Plan* population projections and the associated water demand projections from political boundaries to utility service area boundaries and to making limited modifications based on relevant changed conditions that have occurred since the development of the projections used in the *2017 State Water Plan*.

RWPGs shall then review the draft projections and may provide input to TWDB or request specific changes to the projections from TWDB. If adequate justification is provided by the RWPGs to TWDB, population and/or water demand projections may be adjusted by the TWDB in consultation with TDA, TCEQ, and TPWD. Once RWPG input and requested changes are considered, final population and associated water demand projections will be adopted by the Board. The adopted projections, based on utility service areas, will then be provided to RWPGs. RWPGs must use the Board-adopted projections when preparing their regional water plans and identify WUGs with associated utility service areas.

TWDB will directly populate the DB22 with all WUG-level projections and make related changes to the DB22 if revisions are made.

This task includes, but is not limited to, performing all work in accordance with TWDB rules and guidance required to:

a) In addition to generally meeting all applicable rules and statute requirements governing regional and state water planning under 31 TAC Chapters 357 and 358,

⁶ Requirements are further explained in the guidance document *General Guidelines for Fifth Cycle of Regional Water Plan Development*.

this portion of work shall, in particular, include all work necessary to meet all the requirements of 31 TAC §357.31.⁷

- b) Prepare a stand-alone chapter 8⁸ (including work from both Tasks 2A and 2B) to be included in the *2021 Regional Water Plan (RWP)* that also incorporates all of required TWDB DB22 reports into the document.
- c) Receive and make publicly available the draft population and associated water demand projections provided by TWDB and that are based on utility service areas rather than political boundaries.
- d) Evaluate draft population and associated water demand projections provided by TWDB.
- e) Review comments received from local entities and the public for compliance with TWDB requirements.
- f) Provide detailed feedback to TWDB on both population and associated water demand projections, as necessary, including justification and documentation supporting suggested changes with a focus on the transition to utility service areas and, more generally, relevant changed conditions that have occurred since the development of the projections used in the *2017 State Water Plan*.
- g) Prepare and submit numerical requests, in tabular format in accordance with TWDB guidance, for revisions of draft population and/or water demand projections and process such requests based on, for example, requests from local entities within the region. The RWPG and/or local entities should provide required documentation and justification of requested revisions.
- h) Communicate and/or meet with TWDB staff and/or local entities requesting revisions, as necessary.
- i) Assist TWDB, as necessary, in resolving final allocations of population and water demands to water user groups to conform with any control totals defined by TWDB, for example, by county and/or region.
- j) Prepare population and water demand projection summaries for WUGs using final, adopted projections to be provided by the TWDB, as necessary for presentation in documents.
- k) Consider and include in all appropriate planning documents the projections of population and associated water demands for any new WUGs to be provided by the TWDB.
- l) Modify any associated water demand projections for Wholesale Water Providers (WWP), as necessary based on final, adopted projections.

⁷ Requirements are further explained in the guidance document *General Guidelines for Fifth Cycle of Regional Water Plan Development*.

⁸ This shall be a separate chapter as required by 31 TAC §357.22(b).

m) Review the *TWDB DB22 Population* and associated *TWDB DB22 Population-Related Water Demand* reports from the DB22⁹ and incorporate these planning database reports into any Technical Memoranda, the IPP and final regional water plans (labeled as such and with source reference).

n) Modify any aggregated water demand summaries, for example, for WWP, accordingly and present in planning documents.

o) Update WWP contractual obligations and WUG ‘seller’ obligations to supply water to other entities and report this information along with projected demands including within DB22 and within any planning memorandums or reports, as appropriate.

Task 10 - Public Participation and Plan Adoption¹⁰

The objective of this task is to address public participation, public meetings, eligible administrative and technical support activities, and other requirements and activities eligible for reimbursement and necessary to complete and submit an IPP and final RWP and obtain TWDB approval of the RWP.

Work shall include but not be limited to the following:

a) In addition to generally meeting all applicable statute requirements governing regional and state water planning this portion of work shall, in particular, include all technical and administrative support activities necessary to meet all the requirements of 31 TAC Chapters 355, 357, and 358 that are not already addressed under the scope of work associated with other contract Tasks but that are necessary and or required to complete and deliver an IPP and final, adopted RWP to TWDB and obtain approval of the adopted RWP by TWDB.¹¹

b) Organization, support, facilitation, and documentation of all meetings/hearings associated with: preplanning meeting; meetings associated with revision of projections; consideration of a substitution of alternative water management strategies; public hearing after adoption of the IPP and prior to adoption of the final RWP; and consideration of Minor Regional Water Plan Amendments.

Technical Support and Administrative Activities

c) Attendance and participation of technical consultants at RWPG, subgroup, subcommittees, special and or other meetings and hearings including preparation and follow-up activities.

⁹ RWPG technical consultants must attend mandatory training on the Regional Water Planning Application (DB22).

¹⁰ Requirements are further explained in the guidance document *General Guidelines for Fifth Cycle of Regional Water Plan Development*.

¹¹ Requirements are further explained in the guidance document *General Guidelines for Fifth Cycle of Regional Water Plan Development*.

- d) Developing technical and other presentations and handout materials for regular and special meetings to provide technical and explanatory data to the RWPG and its subcommittees, including follow-up activities.
- e) Collecting and evaluating information, including any information gathering surveys from water suppliers or WUGs, (e.g., on existing infrastructure; existing water supplies; potentially feasible WMSs) and or maintenance of contact lists for regional planning information in the region.
- f) Administrative and technical support and participation in RWPG activities, and documentation of any RWPG workshops, work groups, subgroup and/or subcommittee activities.
- g) Technical support and administrative activities associated with periodic and special meetings of the RWPG including developing agendas and coordinating activities for the RWPG.
- h) Provision of status reports to TWDB for work performed under this Contract.
- i) Development of draft and final responses for RWPG approval to public questions or comments as well as approval of the final responses to comments on RWP documents.
- j) Intraregional and interregional coordination and communication, and or facilitation required within the RWPA and with other RWPGs to develop a RWP including with water suppliers or other relevant entities such as groundwater conservation districts, WUGs, and or WWP.
- k) Incorporation of all required DB22 reports into RWP document.
- l) Modifications to the RWP documents based on RWPG, public, and or agency comments.
- m) Preparation of a RWP chapter summarizing Task 10 activities including review by RWPG and modification of document as necessary.
- n) Development and inclusion of Executive Summaries in both IPP and final RWP.
- o) Production, distribution, and submittal of all draft and final RWP-related planning documents for RWPG, public and agency review, including in hard-copy format when required.
- p) Assembling, compiling, and production of the completed IPP and Final Regional Water Plan document(s) that meet all requirements of statute, 31 TAC Chapters 355, 357 and 358, Contract and associated guidance documents.

q) Submittal of the RWP documents in both hard copy and electronic formats to TWDB for review and approval; and all effort required to obtain final approval of the RWP by TWDB.

Other Activities

r) Review of all RWP-related documents by RWPG members.

s) Limited non-labor, direct costs associated with maintenance of the RWPG website.

t) Development of agendas, presentations, and handout materials for the public meetings and hearings to provide to the general public.

u) Documentation of meetings and hearings to include recorded minutes and or audio recordings as required by the RWPG bylaws and archiving and provision of minutes to public.

v) Preparation and transmission of correspondence, for example, directly related to public comments on RWP documents.

w) Promoting consensus decisions through conflict resolution efforts including monitoring and facilitation required to resolve issues between and among RWPG members and stakeholders in the event that issues arise during the process of developing the RWP, including mediation between RWPG members, if necessary.

x) RWPG membership solicitation activities.

y) Meeting all posting, meeting, hearing and other public notice requirements in accordance with the open meetings act, statute, and 31 TAC §357.21 and 31 TAC Chapter 355 and any other applicable public notice requirements.

z) Solicitation, review, and dissemination of public input, as necessary.

Deliverables: Complete IPP and final, adopted RWP documents shall be delivered as work products. This includes a completed Chapter 10, summarizing public participation activities and appendices with public comments and RWPG responses to comments.

15. BUDGET FOR DETAILED SCOPE OF WORK BY TASK

Task	Description	Total
2A	Non-Population Related Water Demand Projections	\$ 13,707
2B	Population & Population-Related Water Demand Projections	10,112
10	Public Participation, Administration and Adoption	33,061
	Total	\$ 56,880

16. EXPENSE BUDGET FOR DETAILED SCOPE OF WORK BY EXPENSE CATEGORY

Category	Total
Other Expenses ¹	\$ 17,064
Subcontract Services	39,816
Voting Planning Member Travel ²	0
Total³	\$ 56,880

¹Eligible Other Expenses are administrative costs associated with Political Subdivisions and are defined to be direct, non-labor costs including:

- a) expendable supplies actually consumed in direct support of the planning process;
- b) direct communication charges;
- c) limited direct costs/fees of maintaining RWPG website domain, website hosting, and/or website – not to exceed \$250.00 per calendar year;
- d) reproduction of materials directly associated with notification or planning activities (currently 10¢ per copy or the actual non-labor direct costs as documented by the Contractor);
- e) direct postage (e.g., postage for mailed notification of funding applications or meetings); and
- f) other direct costs of public meetings, all of which must be directly related to planning (e.g., newspaper and other public notice posting costs).

²Voting Planning Member Travel Expenses is defined as eligible mileage expenses incurred by regional water planning members that cannot be reimbursed by any other entity, political subdivision, etc. as certified by the voting member. The reimbursed amount is limited to the maximum amounts authorized for state employees by the General Appropriations Act, Tex. Leg. Regular Session, 2013, Article IX, Part 5, as amended or superseded.

³Ineligible Expenses include, but are not limited to:

- a) Compensation for the time or expenses of RWPGs members' service on or for the RWPG;
- b) Costs of administering the RWPGs, including labor costs, or building, or overhead costs associated with the Political Subdivision;
- c) Indirect or labor costs of public notice and meetings, including time and expenses for attendance at such meetings;
- d) Costs for training;
- e) Costs of reviewing products developed due to funding requests to TWDB;
- f) Costs of administering the regional water planning grant and associated contracts;
- g) Labor, reproduction, or distribution of newsletters;
- h) Direct costs greater than \$250.00 per year for domain fees, website hosting, and/or web site maintenance costs;
- i) Food, drink, or lodging for Regional Water Planning Group members (including tips and alcoholic beverages);
- j) Purchase, rental, or depreciation of equipment (e.g., computers, copiers, fax machines);
- k) General purchases of office supplies not documented as consumed directly for the planning process; and
- l) Costs associated with social events or tours.

17. TIME SCHEDULE FOR COMPLETING THE DETAILED SCOPE OF WORK

The time schedule for completing the Detailed Scope of Work will be submitting the *Region B Initially Prepared Plan* by May 1, 2020 and the *Final Region B Regional Water Plan* by November 1, 2020.

18. SPECIFIC DELIVERABLES FOR EACH TASK IN THE SCOPE OF WORK

Refer to Item 14, the Detailed Scope of Work.

19. METHOD OF MONITORING STUDY PROGRESS

Monitoring of the study progress will be conducted through periodic progress review meetings of the Regional Water Planning Group – Area B (RWPG-B) and/or its designated political subdivision and the contracted professional consultant. The Executive Committee of the RWPG-B will function as administrative oversight for recommending actions on the part of the RWPG-B, as may be needed. A Technical Advisory Committee, comprised of five members of the RWPG-B, will review technical or complex matters that may arise during planning process to provide assistance with conflict resolution and maintaining adequate momentum. All meetings conducted by the RWPG-B shall be open to the public in accordance with Chapter 551 of the Texas Government Code, as amended.

20. QUALIFICATIONS AND DIRECT EXPERIENCE OF PROPOSED PROJECT STAFF

The Red River Authority of Texas' staff and management have been actively engaged in water resource planning, management, protection, conservation and reclamation within the Red River Basin for fifty-six years and have been directly involved in the SB1 Planning Process since 1998. The Authority maintains a competent staff of professionals capable of managing each of the tasks described in this detailed scope of work.

Authority staff proposes to supervise and review all work performed by a professional consulting group engaged to conduct the technical analysis and prepare the report throughout the course of this planning study. The consultant group will be qualified and engaged by contract to provide their technical and scientific expertise in accordance with a scope of work designed to ensure compliance with the described outputs of each task.

WRITTEN ASSURANCES

DUPLICATION OF EXISTING PROJECTS

The proposed revision and/or update of the *Region B Regional Water Plan* described in this application does not duplicate any existing planning projects. The project will incorporate available information from existing plans, including the *2016 Region B Regional Water Plan* developed in the last round of regional water planning. The project is responsive to guidance and requirements developed by the Texas Water Development Board for the development of a regional water plan.

IMPLEMENTATION OF VIABLE SOLUTIONS IDENTIFIED THROUGH THE PROPOSED PLANNING WILL BE DILIGENTLY PURSUED AND IDENTIFICATION OF POTENTIAL SOURCES OF FUNDING FOR IMPLEMENTATION OF VIABLE SOLUTIONS

The Red River Authority of Texas will diligently pursue the implementation of all viable solutions identified through the proposed planning, to the extent that the Authority's involvement is consistent with the regional plan, appropriate and adequate funding is available. The Authority will encourage all participants in the regional planning area to pursue economically viable solutions and assist as necessary with determining potential funding sources for implementation of approved water management strategies for Region B.

IV PROOF OF NOTIFICATION

PROOF OF PUBLICATION

Refer to **Exhibit A** in the Appendix for copies of Affidavits of Legal Notices for proof of publication in Region B area newspapers.

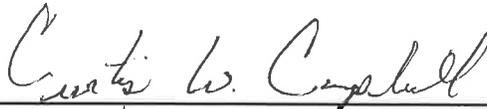

Refer to **Exhibit B** in the Appendix for the Acknowledgement of Receipt from the *Texas Register*.

INDIVIDUAL MAILINGS

Copies of the Public Notice of the application were mailed on February 24, 2015 to all Region B members, alternates and non-voting members, municipalities, county judges, county clerks, water districts, water rights holders and other interested parties within the Regional Planning Group – Area B, as well as all Regional Water Planning Groups and their administrative agencies in the state. Refer to **Exhibit C** for details.

Refer to **Exhibit D** for a copy of the Public Notice that was mailed to recipients in Exhibit C.

NOTICE TO PUBLIC

REGIONAL WATER PLANNING

Notice is hereby given that the Red River Authority of Texas will submit by 12:00 P.M., March 3, 2015, a grant application for financial assistance to the Texas Water Development Board (TWDB) on behalf of the Regional Water Planning Group – Area B, to carry out planning activities to develop the 2021 *Region B Regional Water Plan* as part of the state's Fifth Cycle (2017 – 2021) of Regional Water Planning.

The Regional Water Planning Group – Area B (Region B) includes the following Texas counties: Archer, Baylor, Clay, Cottle, Foard, Hardeman, King, Montague, Wichita, Wilbarger, and the portion of Young County that encompasses the City of Olney.

Copies of the grant application may be obtained from Red River Authority of Texas when it becomes available or online at www.rra.texas.gov. Written comments from the public regarding the grant application must be submitted to the Red River Authority of Texas and the TWDB no later than 5:00 p.m., Monday, March 31, 2015. Comments can be submitted to the Red River Authority of Texas and the TWDB, as follows:

Mr. Curtis W. Campbell
Administrative Agent for Region B
Red River Authority of Texas
P.O. Box 240
Wichita Falls, Texas, 76307-0240

Mr. Kevin Patteson
Executive Administrator
Texas Water Development Board
P.O. Box 13231
Austin, Texas 78711-3231

For additional information, please contact Mr. Curtis W. Campbell, Red River Authority of Texas, c/o Region B, P.O. Box 240, Wichita Falls, Texas 76307-0240, (940)-723-8697, curtis.campbell@rra.texas.gov, or Mr. David Carter, Texas Water Development Board, P.O. Box 13231, Austin, Texas 78711, (512) 463-7847.

Public Notice

Seymour Hospital is accepting applications for a place on the Hospital Board. We currently have three positions available. You may pick up an application for Board of Directors from Lynette Smarjstria at 200 Stadium Drive Seymour Texas. Office hours are Monday - Friday 8:00am - 5:00 pm. Last day to file for a place on ballot is Friday, February 27, 2013.

37c

Public Notice - Place 4

Helen Farabee Centers has an opening on its nine-member volunteer Board of Trustees for Place 4 - representing Baylor, Haskell and Knox Counties.

Helen Farabee Centers is a not-for-profit public agency providing community based services to persons with mental illness and intellectual and developmental disabilities. The Centers serve over 2,700 individuals every month through more than 30 service sites located within the Centers' 19-county catchment area of North Central Texas.

If you have an interest in guiding a healthcare system that is vital to your community and if you can donate approximately 8 hours a month to Board activities, Applications for Appointment will be accepted through March 31st. Please request further information from one of the following entities:

Helen Farabee Centers
Melissa Collins
940-397-3102
Baylor County Court-house
Honorable Rusty Stafford
940-889-3553
Haskell County Court-house
Honorable David C. Davis
940-884-2851
Knox County Court-house
Honorable Travis Floyd
940-458-2191

37-38c

Veterans Officer's Hours

The Veterans Officer will be in the Court-house Annex the first and third Tuesday of each month.

Free Mulch

The City of Seymour still has free mulch available at two locations. One location is the Transfer Station which is open from Tuesday - Friday from 1 p.m. to 5 p.m. and Saturday from 9 a.m. to 5 p.m. The other location is across from the City Barn on Browning St. You do have to supply your own containers and muscle power. The free mulch will only be available on a first come - first serve basis and while supplies last.

Meals On Wheels

Monday, February 23 - Macaroni, Beef, Tomato Casserole; Lima Beans; Wheat Roll; Fruit and Oatmeal Bar; and Milk.

Tuesday, February 24 - Ham and Beans; Spinach; Seasoned Corn; Orange Pineapple Cup; Country Apple Crisp; and Milk.

Wednesday, February 25 - Cheeseburger; Potato Wedges; Tomato Wedge; Salad; Melon Medley; and Milk.

Thursday, February 26 - Taco Salad; Corn; Fruit; Tortilla Chips; Peach Cobbler; and Milk.

Friday, February 27 - Oven Fried Chicken; Bow Tie Pasta; Broccoli Raisin Salad; Fruit Cocktail; and Milk.

Emergency Drive Closed

Due to hospital construction and safety issues, Emergency Drive will be closed from the EMS office to the hospital. For Emergency Room access drivers should use the main entrance to the hospital across from the football stadium.

Utility Bill Payment

Revenue from city residents' utility bills is what allows the City of Seymour to function and make improvements, according to City Administrator Steve Biedermann. He urges residents to pay their utility bills in full and promptly as an important part of each resident's obligation.

Reminder March Community Calendar Deadline is Friday, February 20

DPS Statement Regarding Driver License Fingerprinting Process

The Texas Department of Public Safety (DPS) is statutorily required to enforce the laws passed by the Texas Legislature. As such and based on concerns and questions raised by a number of legislators regarding the statutory authority of DPS to collect all 10 fingerprints in order to obtain a driver license (DL) or identification (ID) card, effective Monday, Feb. 9, the department will cease collecting all 10 fingerprints in order to obtain a DL or ID card.

The department will continue to comply with Texas Transportation Code, Section 521.059, passed by the Texas Legislature in 2005, which requires the department to collect "an applicant's thumbprints or fingerprints." The department will comply with any further direction or legislative action taken by the Texas Legislature regarding this matter.

*Sec. 521.059. IMAGE VERIFICATION SYSTEM. (a) The department shall establish an image verification system based on the following identifiers collected by the department:

- (1) an applicant's facial image; and
- (2) an applicant's thumbprints or fingerprints.

(b) The department shall authenticate the facial image and thumbprints or fingerprints provided by an applicant for a personal identification certificate, driver's license, or commercial driver's license or permit using image comparison technology to ensure that the applicant:

- (1) is issued only one original license, permit, or certificate;
- (2) does not fraudulently obtain a duplicate license, permit, or certificate; and
- (3) does not commit other fraud in connection with the application for a license, permit, or certificate.

(c) The department shall use the image verification system established under this section only to the extent allowed by Chapter 730, Transportation Code, to aid other law enforcement agencies in:

- (1) establishing the identity of a victim of a disaster or crime that a local law enforcement agency is unable to establish; or
- (2) conducting an investigation of criminal conduct.

(d) Expired. Added by Acts 2005, 79th Leg., Ch. 1108 (H.B. 2337), Sec. 4, eff. September 1, 2005.

Transfer Station Winter Hours

The City of Seymour Transfer Station is currently on the winter hours schedule.

Sun.: Closed
Mon.: Closed
Tues. - Fri.: 1-5 p.m.
Sat.: 9 a.m. - 5 p.m.

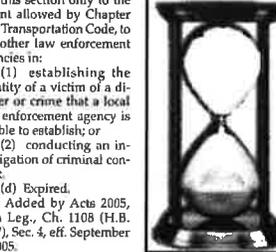

Cliff's Clips

A clear conscience is the sign of a lousy memory.

Nothing but the sky covers Baylor County more than the Baylor County Banner.

HELP WANTED 120

Rolling Plains Management Corporation is seeking applicants for the position of a Center Director/Teacher at the Foard County Neighborhood Center in Crowell, Texas. Applicants must possess one of the following:

1. A minimum of an associate degree in early childhood or child development.
2. An associate degree in a field related to early childhood education and coursework equivalent to a major relating to early childhood education with experience in teaching preschool age children.
3. A baccalaureate degree in any field and has been admitted into the Teach for America program, has passed a rigorous early childhood content exam such as the Praxis II, has participated in Teach for America summer training institute that includes teaching preschool children, and is receiving ongoing professional development and support from Teach for America's professional staff.
4. Coursework equivalent to a major relating to early childhood education includes, but is not limited to, courses that focus on child development, early childhood education, early childhood curriculum as a whole or by domain (such as math, science or literacy), early childhood teaching/instruction, child assessment, psychology, family development, health and physical development, mathematics, science, and children's literature. Such courses may be offered in various departments, such as education, home economics, music, art, library sciences, physical education and recreation, psychology, family studies, and others. Interested persons may call 1-800-633-0832 or 940-633-0832 for an application or visit www.rollingplains.org to download and print application. Please attach a resume and college transcripts to your application and mail to: Rolling Plains Management Corporation, P.O. Box 490, Crowell, Texas 79227. Applications will be accepted until the position is filled. Rolling Plains Management Corporation is an equal opportunity provider and employer.

Rolling Plains Management Corporation is now accepting applications for a part-time

hours in child development, six credit hours in business management. A felony related "field" is any educational instruction pertaining to the growth, development, physical or mental care or education of children ages birth through 13 years, and at least two years of experience in a licensed child-care center.

3. Sixty college credit hours with nine college credit hours in child development, six college credit hours in business management, and at least two years of experience in a licensed child-care center.
4. A child-care center administrator's certificate from a community college with at least 15 college credit hours in child development, three college credit hours in business management and at least two years of experience in a licensed child-care center.
5. A Child Development associate (credential) or Certified Child-Care Professional credential with six college credit hours in business management and at least two years of experience in a licensed child-care center.
6. A day care administrator's credential issued by a professional organization or educational institution and approved by licensing based on criteria specified in Subchapter P or Chapter 745 of this title (relating to Day-Care Administrator's Credential Program), and at least two years of experience in a licensed child-care center.
7. Nine college credit hours in child development, nine college credit hours in business management and at least three years of experience in a licensed child-care center.

Interested persons may call 1-800-633-0832 or 940-633-0832 for an application or go online to www.rollingplains.org to download and print application. Applications may also be picked up at Turner Child Development Center, 319 E. 3rd St., Quanah. Please attach a resume and college transcripts to your application and mail to: Rolling Plains Management Corporation, P.O. Box 490, Crowell, Texas 79227. Applications must be received on or before March 6, 2015 by 5:00 p.m. Rolling Plains Management Corporation is an equal opportunity provider and employer.

NOTICE OF PUBLIC REGIONAL WATER PLANNING

No one is hereby given that the Red River Authority of Texas will submit by 12:00 PM, March 3, 2015, a grant application for financial assistance to the Texas Water Development Board (TWDB) on behalf of the Regional Water Planning Group - Area B, to carry out planning activities to develop the 2021 Regional Water Plan as part of the state's Fifth Cycle (2017 - 2021) of Regional Water Planning.

The Regional Water Planning Group - Area B (Region B) includes the following Texas counties: Archer, Baylor, Clay, Comale, Foard, Hardeman, King, Montague, Wichita, Wilbarger, and the portion of Young County that encompasses the City of Olney.

Copies of the grant application may be obtained from Red River Authority of Texas when it becomes available or online at www.rra.texas.gov. Written comments from the public regarding the grant application must be submitted to the Red River Authority of Texas and the TWDB no later than 5:00 p.m., Monday, March 31, 2015. Comments can be submitted to the Red River Authority of Texas and the TWDB as follows:

Mr. Curtis W. Campbell
Administrative Agent for Region B
Red River Authority of Texas
P.O. Box 240
Wichita Falls, Texas 76707-0240

Mr. Kevin Patterson
Executive Administrator
Texas Water Development Board
P.O. Box 13231
Austin, Texas 78711-3231

For additional information, please contact Mr. Curtis W. Campbell, Red River Authority of Texas, c/o Region B, P.O. Box 240, Wichita Falls, Texas 76707-0240, (940) 723-8697, cwscampbell@rra.texas.gov, or Mr. David Carter, Texas Water Development Board, P.O. Box 13231, Austin, Texas 78711, (512) 463-7847.

DATE BOOK

WEDNESDAY FEBRUARY 18, 2015
Today is the 49th day of 2015 and the 60th day of winter.

TODAY'S HISTORY: In 1861, Jefferson Davis was inaugurated as president of the Confederate States of America in Montgomery, Alabama.

In 1885, Mark Twain's "The Adventures of Huckleberry Finn" was published.

In 1930, astronomer Clyde W. Tombaugh discovered Planet X, the dwarf planet later renamed Pluto. In 2001, FBI agent Robert Hanssen was arrested for spying for the Soviet Union and Russia.

TODAY'S BIRTHDAYS: Louis Comfort Tiffany (1848-1933), artist/designer; Charles M. Schwab (1862-1939), businessman; Jack Palance (1919-2006), actor; Toni Morrison (1931-), author; Miles Forman (1932-), filmmaker; Yoko Ono (1933-), singer/performance artist; John Hughes (1950-2009), filmmaker; John Travolta (1954-), actor; Vanna White (1957-), TV personality; Matt Dillon (1964-), actor; Dr. Dre (1965-), rapper/record producer; Jillian Michaels (1974-), TV personality.

TODAY'S FACT: Snow has fallen on the Sahara Desert only twice in recorded weather history: on this date in 1979 and on Jan. 17, 2012.

TODAY'S SPORTS: In 2001, NASCAR legend Dale Earnhardt Sr. was fatally injured in a multica crash during the final lap of the Daytona 500.

TODAY'S QUOTE: "It is sheer good fortune to miss someone only before they leave you." -- Toni Morrison, "Sula"

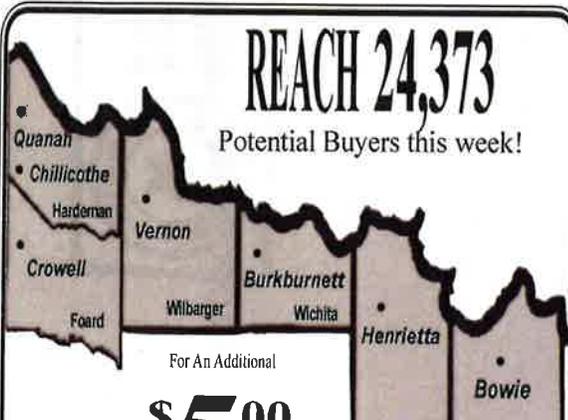

TODAY'S NUMBER: 5th -- place held by "The Adventures of Huckleberry Finn" on the American Library Association's list of books whose availability in schools and libraries was most frequently challenged in the 1990s. For the decade ending in 2009, it had dropped to 14th place.

TODAY'S MOON: New moon (Feb. 18).

NETPA still offering pair of scholarships

The North and East Texas Press Association, in conjunction with the Texas Press Association, will award two \$1,500 scholarships - one to a graduating high school senior and one to a currently enrolled college student.

The scholarships are payable at \$750 per semester in the registrar of the college of the recipient's choice after the recipient has sent proof of registration to the secretary of the NETPA.

Applications are available at NETPA member newspapers, including *The Olney Enterprise*, and must be postmarked no later than March 18 to be considered.

Winners will be notified on or before Saturday, April 11, following the annual NETPA convention in Denton.

Applicants must be from the area served by North & East Texas Press Association and have a declared major in journalism, communications or photography. Award preference will be given to print majors.

High school applicants must submit an application and resume that includes scholastic, athletic and community activities; a current official transcript certified by the current school; two letters of recommendation from a publication advisor or local newspaper supervisor for whom the student has worked and from a person of choice; and clips of published work.

College applicants should submit an application and resume that includes scholastic, athletic and community activities; a current official transcript certified by the current school; two letters of recommendation from a publication advisor or local newspaper supervisor for whom the student has worked and from a person of choice; and clips of published work.

Scholarship applications are available at *The Olney Enterprise*, 213 E. Main, or online through the NETPA or ILPC websites.

For additional information or to receive an application by email contact Suzanne Bardwell by email at suzannebardwell@netpa.com or by phone at (901) 845-2235.

Dykstra signs to play for Adrian College

Noah Dykstra, grandson of Larry and Candy Calderon of Olney, has been accepted in Adrian College in Adrian, Mich., beginning with the fall 2015 semester. He will play football and baseball for the Bulldogs. While playing football at Monsi Shores High School in Muskogee, Mich., Dykstra has played linebacker and tight end and was team captain.

NOAH DYKSTRA

This year he helped lead the team to the state playoffs for the first time in 51 years. They advanced all the way to the state championship game.

In baseball, Dykstra is a left-handed pitcher who throws an average of 84-86 mph. He also plays out

field and recorded a batting average of .380. He is the son of Jason and Shelly Dykstra.

Exhibit D

DATE: February 24, 2015

FROM: Regional Water Planning Group – Area B

SUBJECT: Notice of Application for Regional Water Planning Grant Funding for the Fifth Cycle of Regional Water Planning

NOTICE TO PUBLIC
REGIONAL WATER PLANNING

Notice is hereby given that the Red River Authority of Texas will submit by 12:00 P.M., March 3, 2015, a grant application for financial assistance to the Texas Water Development Board (TWDB) on behalf of the Regional Water Planning Group – Area B, to carry out planning activities to develop the *2021 Region B Regional Water Plan* as part of the state's Fifth Cycle (2017 – 2021) of Regional Water Planning.

The Regional Water Planning Group – Area B (Region B) includes the following Texas counties: Archer, Baylor, Clay, Cottle, Foard, Hardeman, King, Montague, Wichita, Wilbarger, and the portion of Young County that encompasses the City of Olney.

Copies of the grant application may be obtained from Red River Authority of Texas when it becomes available or online at www.rra.texas.gov. **Written comments** from the public regarding the grant application must be submitted to the Red River Authority of Texas and the TWDB **no later than 5:00 p.m., Tuesday, March 31, 2015**. Comments can be submitted to the Red River Authority of Texas and the TWDB, as follows:

Mr. Curtis W. Campbell
Administrative Agent for Region B
Red River Authority of Texas
P.O. Box 240
Wichita Falls, Texas, 76307-0240

Mr. Kevin Patteson
Executive Administrator
Texas Water Development Board
P.O. Box 13231
Austin, Texas 78711-3231

For additional information, please contact Mr. Curtis W. Campbell, Red River Authority of Texas, c/o Region B, P.O. Box 240, Wichita Falls, Texas 76307-0240, (940) 723-8697, curtis.campbell@rra.texas.gov, or Mr. David Carter, Texas Water Development Board, P.O. Box 13231, Austin, Texas 78711, (512) 463-7847.
